Sub: Police-Fire Services Branch-Provision of
Stenor vulcaniser to Electrified Fire stations-
Supply of.

I have to state that much difficulty is experienced by the Fire Stations in the maffasil for repairing delivery hoses for want of vulcanising machines. Some of the Eletri-fied Sections in this service are provided with stenor Vulca-niser machines necessary for repairing hoses. Other Sections which do not have this equipment send the delivery hose to the nearest Section where Vulcaniser machine is available for repairs. This procedure involves delay in the execution of the repairs and results in expenditure to Government on account of to and fro Railway freight. Local execution of repairs by private firms is costly. It is therefore proposed to equip the following electrified Fire Stations with Vulcaniser machines.

Cuddalore	1	Palni	1	Palghat	1
Kumbakonam	1	Tirupur	1	Mangalore	1
Tanjore	1	Erode	1	Cochin	1
Nagapatam	1	Dharapuram	1	Ootacamund	1
Tuticorin	1	Pollachi.	1	Rajahmundry	1
Kakinada	1	Vizianagaram	1	Visakahpatnam Port	1

2. Eighteen Stenor Vulcaniser machines are required at present. Quotations have been called for and the quotation of Messrs. Roberts Mclean and Company, Limited, Madras at Rs.125/- F.O.R. Calcutta per machine has been accepted. The total cost of the 18 stenor vulcaniser machines comes to Rs.2,250/- plus sales tax at the x prevailing rate.

3. I request that in view of the circumstances stated above Government may be pleased to sanction an expenditure of Rs.2,250/- plus Sales tax at the prevailing rate towards the cost of the 18 Stenor Vulcanising machines. The expenditure can be met from the existing budget allotment and is debitable to the head "47 Miscellaneous Departments-h-Fire Services-A-Direction 4 other Charges-Clothing and equipment voted".
